Ring Sizer

Please print and use this ring sizer to measure an existing ring. For the greatest accuracy, use a ring with a similar width band and style to the one you want to purchase.

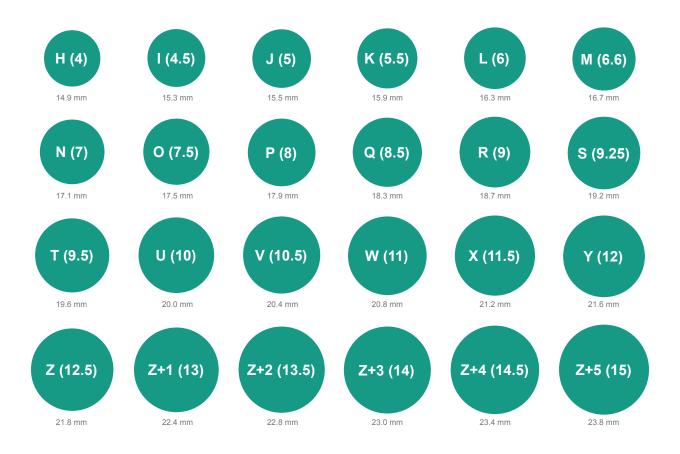

If your size is not available with the ring of your choice we would recommend considering the alphabetical size below or above – due to the rings being handmade they can differ slightly in size. To ensure a perfect fit, and of course customer satisfaction, if upon receiving the ring it does not fit, we will send you another size free of charge (once the original ring has been returned) or refund you (including the £2.50 postage charge).

- **1.** Print this PDF out at 100% make sure you do not select the 'scale to fit page' or 'shrink to fit page' option.
- Check print size the line below should measure 5cm.

_____ 5 cm ____

- 3. Place ring over the circles opposite.
- **4.** Find the circle which completely fills the inside of the ring without overlapping.
- **5.** Your ring size is the letter shown within the circle.
